

FULL TEXT OF THE EMPEROR WILLIAM CABLE TO WILSON

His Heart Bleeds When He
Thinks of Innocent Vic-
tims of the War.

LONDON, Sept. 15, A. M.—The
correspondent of the Daily Mail at
Rotterdam has telegraphed the text
of the message sent by Emperor
William to President Wilson under
date of Sept. 4. It is as follows:

"I consider it my duty, sir, to in-
form you—as the most notable repre-
sentative of the principles of human-
ity—that after the capture of the
French fort of Longwy, my troops
found in that place thousands of
dum-dum bullets which had been
manufactured in special works by the
French Government. Such bullets
were found not only on French killed
and wounded soldiers and on French
prisoners, but also on English troops.
You know what terrible wounds and
suffering are caused by these
bullets, and that their use is strictly
forbidden by the generally recognized
rules of international warfare.

"I solemnly protest to you against
the way in which this war is being
waged by our opponents, whose meth-
ods are making it . . . of the most
barbarous in history. Besides the use
of these awful weapons, the Belgian
Government has openly incited the
civil population to participate in the
fighting, and has for a long time
suffered organized their resistance.
The cruelties practiced in this guerrilla
warfare, even by women and priests,
toward wounded soldiers and doctors
and hospital nurses were such that
eventually my generals were com-
pelled to adopt the strongest mea-
sures to punish the guilty and frighten
the bloodthirsty population from con-
tinuing their shameful deeds.

"Some villages and even the old
town of Louvain, with the occupation
of its beautiful town hall (Hotel de
Ville), had to be destroyed for the
protection of my troops.

"My heart bleeds when I see such
measures inevitable, and when I

think of the many innocent people
who have lost their homes and
property as a result of the misdeeds
of the guilty.

(Signed) "WILLIAM I. R."

French Bay That Dum-Dum Bul-
lets Were Used.

BORDEAUX, Sept. 15.—The French
Foreign Office to-day issued an em-
phatic denial that French troops have
used dum-dum bullets or that any
have been found on French soldiers
in the captured fortress of Longwy.
In discussing the charges made by
the Emperor of Germany in his tele-
gram to President Wilson, Foreign
Minister Theophile Delcasse said:
"The French Government will for-
mally protest the German allegation
that the Allies are using dum-dum
bullets. The story is absolutely with-
out foundation. There is not the
slightest doubt here that this entire
charge is a well-planned manoeuvre
designed to turn 'public opinion' in
neutral countries, especially the
United States, from the German
atrocities in Belgium and France."

President Wilson Will Reply to the
Kaiser's Complaint.

WASHINGTON, Sept. 15.—Presi-
dent Wilson announced to-day that
he would reply to Emperor William's
message, which he said contained
nothing that could be construed as a
desire for peace negotiations.
The President said callers that he
had received an official word from
any of the warring nations about
peace. He said talk about peace was
still "in the air."

CHILDREN BADLY BITTEN IN PLAYING WITH DOG

Bum, a brindle bulldog owned by
Edward Martin of No. 173 West End
avenue, became aroused by the rough
play of Katharine Feeney, eleven
years old, of No. 139 West End
avenue and her brother John, eight,
and turned on them, biting the boy
eight or ten times on the left arm and
the girl on the left hand.

The children, on returning from
school, borrowed the dog from Mrs.
Martin and took him to the roof of
the apartment house where they lived.
The dog began to growl and show
his teeth every time little John went
near him, and Katharine, who was
bitten by a dog last summer, became
frightened and led the dog down to
the apartment and tied him to a table.
A little later John released him and
tried to lead him out to the hall. The
dog sprang on him in the doorway,
biting him down and bit him re-
peatedly.

Katharine was bitten in going to
her brother's room. Bum became
quiet as soon as Mrs. Feeney spoke
to him. Katharine, who found
him perfectly friendly when he was
called from the street. McGrath
took the dog to the police station to
await an examination by the Board
of Health.

UNITED FRUIT FLEET OF 25 SHIPS TO FLY THE AMERICAN FLAG

Seven More Building, and
These Also Will Be of
Uncle Sam's Registry.

Official announcement was made at
the offices of the United Fruit Com-
pany, No. 17 State street, after a
meeting of the directors, presided
over by Andrew W. Preston, presi-
dent, that the entire fleet of the com-
pany's steamers will be transferred
from the British to the American regis-
try.

"The Great White Fleet," as the
company's ships are known, comprises
twenty-five passenger and freight
ships, approximately 150,000 tons
gross. Seven more are building at
Belfast, Ireland, and these, too, will
fly the American flag as fast as they
are completed and reach their home
ports in the United States. The pas-
senger ships of the present fleet are
twenty in number, sailing out of
Boston, New York and New Orleans
for ports in Cuba, West Indies, Cen-
tral and South America. Freight ves-
sels of the line sail for the same
ports from Philadelphia, Baltimore,

Charleston, Mobile and Galveston.
The fleet, leaving Boston to-day,
will be the first of the fleet to carry
the American ensign. Sailing from
this port are such liners as the Ten-
dres, Calamare, Pastores and others.
As the ships reach New York,
they will be transferred to the United
States registry. The new arrange-
ments of the company will mean that
there will be an almost daily service
from the United States to South and
Central America, the West Indies and
Cuba.

The movement of the United Fruit
Company is the first big step in the
creation of an American mercantile
marine.
